Brake Parts Australia

ISSUE 27 - DECEMBER 2011

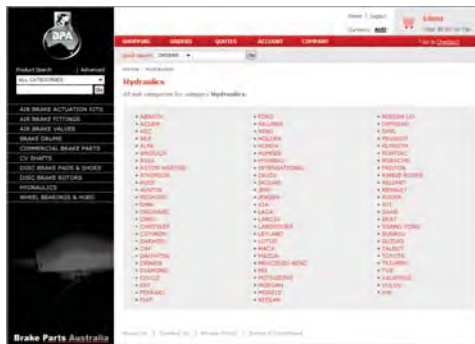

➔ MY BPA - web access

Brake Parts Australia now offers a new tool to help grow your business and improve your access and efficiency of your day to day activities with "MY BPA".

MY BPA is your online access point to all things BPA. Because MY BPA never sleeps, it's open 24hours a day so you can be directly connected to your account with BPA and order at any time and from any place. Now that's convenient.

MY BPA saves you time by allowing you to create shopping lists for regular reordering or retrieve any of your previous orders with a few simple clicks.

You can order at your own pace and take your time to browse and learn more about BPA's full range of products.

You can use the built in catalogues to find what part you require, view product images, see real time price and availability and add to your order. Or if you already know the part number use the smart search to jump straight to it.

With MY BPA you also have realtime access to your account details including current order status, past invoices, quotes, statements, postal and delivery addresses, freight account information, account balances and more.

The MY BPA service launches this Monday 12th December. Account customers can apply for access by completing an application form, available upon request or visit www.bpa.com.au

For more information or to request an application form please call our sales team on 1300 668 669 or email sales@bpa.com.au
